Business and Legal English course for beginners, medium and advanced students. It is designed to make them achieve a native English level and is based on my teaching system, "Dynamic English", which follows the principles established by many Language scholars, Sarah Elaine Eaton among them.

I have more than 25 years of experience in scientific, technical and legal English as a translator. Classes given only in Barcelona, Sitges, and Vilanova i la Geltrú. All the study material is provided by me (audio files in English included). Please, contact me for further info on the course so I can send more detailed data. Email address featured at the end of the video clip attached to the link below. (2 minutes, 58 secs)

English has become the Lingua Franca that almost every businessman uses today. Not long ago the Chinese (Mandarin) was regarded as the language to learn due to the numerous firms and corporations China has all over the world, but Chinese businessmen have opted for English as it is the language for making business. So don't waste any more time and start learning the international language that opens all the doors. Someone sometime said: where there is a will, there is a way.
